# Project Report And Skill Development

## RESIN JEWELLERY, ACRYLIC PAINTING

### DALJIT KAUR- 06/12/2025

**Project Goals:**
- Create a lasting representation of a person that captures not just their physical likeness also their essential character or spirit.

**Process/ Steps:**
- Students drawn outline very faintly with a pencil.
- Wet the paper and paint on soft, light base color everywhere.
- Let it dry, then add darker color in layers for depth.
- Add tthe darkest lines and sharpest accents last.

**Skills Learned :**
- Students master a disciplined way of seeing, thinking, and executing that builds universal problem-solving skills.
- The rigorous process of breaking down complexity and constructing form teaches a transferable methodology for both art and life's challenges.

## Challenges and solutions :

- Facing difficulties in identifying the right proportion and color scheme for the artifact.
