

### Club Spotlight:

The Fabric Fantasia Club helps students show creativity through fabric crafts. It teaches simple designing, stitching, and using old materials in a fun way.

### Student Voices :

1. Students learned how to mix colours and paint on Fabric
2. Now I can design my own patterns.
3. They learned how to make a design.
4. They learned that using jute bags reduce the plastic waste. It feels good to decorate something that is eco friendly .

# Project Report and Skill Development

## Fabric Painting

Mandeep Kaur - 9/06/2026

### Meet the Team :

#### Project Goals:

The Fabric Fantasia Club helps students show creativity through fabric crafts. It teaches simple designing, stitching, and using old materials in a fun way.

#### Process/ Steps:

- Wash and dry the fabric.
- Place a cardboard inside the cloth to keep it flat.
- Draw the design lightly with a pencil.
- Paint the design using fabric colours.
- Let it dry completely.
- Iron the back side to set the paint.

#### Skills Learned :

- Creativity in making designs
- Neat painting and colour control
- Patience and careful working
- Basic fabric-handling skills
- Confidence in making handmade items

#### Challenges and Solutions:

- Lack of time, find out the plain jute bag. Plan ahead, use material wisely, encourage cooperation with each other.
