TAJINDER KAUR

09/05/2026

Project Goals:

- * To create creative designs using Canva.
- * To learn basic graphic designing skills.
- * To make attractive digital posters and templates.
- * To build creativity and confidence through designing.

Process/ Steps:

- * Select the beads, threads, and materials needed.
- * Plan a simple design or pattern.
- * String the beads and assemble the jewellery or phone chain. Check the final product and secure all knots properly.

Skills Learned :

- * Creative thinking in designing.
- * Teamwork in Canva activities.

Challenges and solutions :

- * Choosing a creative Canva design.
- * Planning a simple layout first.
- * Selecting suitable colours and elements.
- * Using Canva tools with easy designing steps.
- * Arranging text and graphics neatly.
- * Improving creativity through digital designing.
